Hand Cleanser
for medium soiling regreasing

rath's prClean plus Hand Cleanser

PRODUCT DESCRIPTION

Hand cleanser, gentle to the skin, for medium soilings. Good cleansing effect and highly re-greasing.

Fluid, moderately viscous, soapless, skin neutral pH-value, re-fatting.

Without solvents and abrasives.

FIELD OF APPLICATION

For moderately and especially greasy or oily soiled hands, generally for workshops in trade and industry, where for reasons of skin kindness one can do without abrasives and special cleansers containing solvents.

FUNCTION

Efficient cleansing while excellently compatible to the skin. Support of gentle skin-preserving effects through re-greasing and skin caring components.

USAGE AND DOSAGE

After work, apply 2-3 ml to dry or wet skin and rub in well. Gradually adding water, wash clean, rinse and dry thoroughly.

For resistant soiling, repeat procedure or select prClean R alternatively.

SIZES AVAILABLE

1 litre bottles
2 litre softbottles
2.5 litre bottles
5 litre canisters

DOSING AIDS

Please refer to pr-Dispenser Leaflet.

TECHNICAL DATA

Washing-active substance content (WAS): 25 %
Density: approx. 1,025 g/cm³
pH-value: approx. 6,5

PRODUCT INFORMATION

prClean plus contains a tested, especially skin compatible combination of surfactants with very good dermatological properties.

The product cleans sensitive, severely stressed skin very efficiently, but gently.

Skin caring substances provide a good re-greasing, they have a regulating effect on the water balance of the skin and thus prevent dehydration.

The skin neutral pH-value stabilises the acid protective layer of the skin.

prClean plus is characterised by a light, discreet scent and a slight conservation.

SKIN COMPATIBILITY

Dermatest GmbH, Company for Allergological Research, D-48155 Münster

prClean plus has been certified a very good skin compatibility after a dermatological test on human beings.

No allergic or toxic-irritative reactions of incompatibility occurred during the patch test in accordance with international guidelines.

prClean plus was tested deluted 1%, 2% and 5% in Aqua dest.

INGREDIENTS (INCI)

Aqua, Sodium Laureth Sulfate, Cocamidopropyl Betaine, Sodium Lauroyl Glutamate, Sodium Chloride, Deceth-5, Cocamide DEA, PEG-9 Cocoglycerides, Benzyl Alcohol, Methylchlorisothiazolinone, Methylisothiazolinone, Parfum, C.I. 19140, C.I.42051.

ENVIRONMENT

The surfactants contained in prClean plus are biodegradable to at least 90 % according to the requirements of the surfactants' ordinance regulating the law concerning washing and cleansing agents.

SAFETY AND REGULATIONS

In Europe, prClean plus is subject to the EU-Cosmetics Directive 76/768/EWG.

Its realisation in Germany is subject to the regulations of the German Food and Consumables Act and the Cosmetics Directive.

prClean plus is not subject to any transport regulations in the meaning of the transport of dangerous goods.

STORAGE

prClean plus should be stored in closed containers at room temperature. Under these conditions the minimum shelf life amounts to 30 months.
